Mr. W. N. Rion wishes THE LEDGER to convey to the many good people who were so kind and attentive to his departed wife through her Hong and fatal illness, his sincere thanks.

One of the largest and most important transactions in real estate was consummated Saturday when Mrs. Lida C. Rogers became owner of Dr. John A. Reed's delightful home on the corner of Third and Sutton streets. The price from which it is sincerely hoped he may be repaid was \$10,500.

The Quartermaster General at Washington has allowed Mr. C. Shultz Leach, formerly of this city but now of Knoxville, Tenn., \$125 for a horse taken from him in violation of General Grant's terms of surrender. Mr. Leach was a Confederate soldier.

After the Fleming authorities had "turned him loose," as stated in Friday's LEDGER, a telegram frem Tullahoma, Tenn., requested them to hold the Rev. J. A. Bryant, colored, who had been arrested for obtaining money under false pretenses. After his release Bryant returned to this city, where he had "scooped" about \$50, and he left here Saturday for other pastures.

MEASURED by his photograph, Judge MANN is very handsome; but his victory over JIM Kehoe will hardly get beyond the picture-inthe-papers stage.

Voting for the bonds to build a trunk sewer through the Fifth and Sixth Wards, thus securing the Continental Tobacco Company's plant, will do Maysville more good than all the politics this side of the Styx.

THE Honorable CURTIS JETT, late Shootmaster General of Breathitt county, is now making chairs in the Penitentiary. As he has a lifetime job, it is not probable that any one will be anxious to take it away from him.

WHEN Judge HARBESON gets through with his June business at the Courthouse, Maysville will contribute a few more distinguished guests to the Penitentiary at Frankfort. However, there will be plenty left for future disposition.

Nor satisfied with simply running over and bursting his Chairmanship balloon, the Beckham Machine named Judge Mann, Mr. KE-HOE's Congressional competitor, as one of the Ninth District Alternates to the St. Louis Convention.

THE recent High School Commencement is acknowledged the most creditable ever occurring in this city. This speaks well for the Faculty, for the Board of Education, for the pupils themselves, and for every citizen of the good old town.

### A CONTINUAL STRAIN.

Many men and women are constantly subjected to what they commonly term "a continual strain" because of some financial or family trouble. It wears and distresses them both mentally and physically, affecting their nerves badly and bringing on liver and kidney ailments, with the attendant evils of constipation, loss of appetite, sleeplessness, low vitality and despondency. They cannot, as a rule; get rid of this "continual strain," but they can remedy its health-destroying effets by taking frequent doses of Green's August Flower. It tones up the liver, stimulates the kidneys, insures healthly bodily functions, gives vin and spirit to one's whole teing, and eventually dispels the physical or mental distress caused by that continual strain." ### JUSTIFIABLE KILLING

For Killing Wilburn

The killing of one person by another is grave and serious matter and is generally condemned. There are times, however, when a peaceable citizen's life is in jeopardy at the hands of a notorious character; it is then, in defense of his own person in taking a life, that his act is sanctioned and condoned by the Courts as well as approved by public opinion.

A policeman, who performs his duty in a satisfactory manner, has an onerous, dangerous and thankless position to fill. There are localities and dark places in this city that at times-especially after nightfall-it is exceedingly risky for a policeman to tread.

Let an officer once weaken in the time of peril in the presence of the gang and his usefulness ever afterward is gone.

It is to the interest of public morals and
